

**Dear Resident and Family Members,**

**As promised, I am sending out this email to further update you on our visitation status. Effective Wednesday the 17th of March at 8:00AM until 7:00PM we will:**

- Allow in room visitation of two visitors per resident and two residents per floor for social distancing.
- You will need to schedule for availability.
- You will need to come by the front entrance and be screened and sign in and out.
- Even if you have been fully vaccinated you will be required to wear your mask to protect our staff.

**At this time please limit your visits to one hour as we are trying to accommodate as many people as possible.**

**Hopefully, soon we will be able to relax this even more but for now, please wear your mask and social distance.**

**Thank you and stay safe,**

Richard H. Pridgen
